

VALUE ENGINEERING

Designing wisely to give you the most bang for your buck. Quality can be had for a reasonable cost.

AMERICAN COMPANY

We are right here in the good old, USA. This is our year-round home.

QUALITY, COMPUTERIZED DOCUMENTS

ENERGY EFFICIENCY

Our designs sip energy so that you have lower utility bills and more comfort.

Fincastle Farmhouse, designed by HOME ARCHITECTS®, Rand Soellner Architect.

HEALTHY HOUSE

Homes designed with materials to help your family live a longer, healthier life.

VIEWS

Your land has wonderful views. We know how to take advantage of them with large glass areas. And we know how to protect those windows & doors from sun, wind, snow & rain.

LOW PROJECT VOLUME: We only design a few select custom homes a year. Our attention is focused on your needs.

NEW & RENOVATION PROJECTS

New home designs & renovations.

WALK YOUR LAND WITH THE ARCHITECT

for a modest fee, we will travel to your
property, meet you, walk your land with
you, listen to your thoughts, take notes &
photos, provide useful comments, and
will create a Preliminary Site Analysis
Report to help you advance your
project.

YOUR HOME IS A HUGE INVESTMENT

Make sure a capable professional with
an architectural license, architectural
degree & experience designs it.

BUILDER-BIDDING

Our affiliations with your local National
Association of Home Builders office gives
us a host of State-licensed contractors to
assist you with pricing, construction &
management of your project.

CAN'T FIND WHAT YOU WANT?

Can't find an existing home that is
already built to meet your needs? That's
why we design custom homes: to provide
you with what you really want.

Can't find an existing home design
anywhere to meet your wishes? That's
why we design custom homes: to design
what you truly want for your special
place, custom tailored to your lifestyle,
your land and your views.

ALL SIZES

Large, medium & small projects.
